What we collect in WellRounded BBW Bash App

We store your Facebook public profile username in our backend systems.

We allow you to post information to Facebook via the Facebook SDK utilized within our app.

We allow you to utilize the Facebook like function.

We do not post anything on your Facebook timeline without you first granting permission via the Facebook prompts.

We collect generic multiple choice survey answers about the app that end users may or may not complete.

How we use Personal Information

We use your Facebook public profile name to identify you when utilizing the WellRounded BBW Bash app.

Perform other activities with your consent.

Provide “send to friend” type functionality on the Platform

Conduct data analysis, audits, develop new products, identifying usage trends, determining the effectiveness of our promotional campaigns and operating and expanding our business activities.

How we share Personal Information

We do not share any information we collect in the WellRounded BBW Bash App with any companies.

Please note that any information you post to public areas of a Platform such as on our social media pages may be seen by other visitors.
